LIVE ONLINE CISSP TRAINING

CISSP is one of the most sought after certifications in the IT profession. If you are ready for the next stage in your cyber security career, our exam preparation course will help you get there.

With our CISSP Training & Mentorship Program you will receive the help and guidance you need to pass the exam.

All our trainers are real world practitioners and are currently employed in information risk, IT security and compliance sectors, enabling them to be able to explain the most complicated of subjects in simple terms. We truly believe we have the most cost-effective offering available for CISSP training.

DOMAINS

Security and Risk Management

Asset Security

Security Engineering

Communications & Network Security

Identity and Access Management

Security Assessment and Testing

Security Operations

Software Development Security

> " CMA stands out in terms of making the ever feared CISSP course an interesting journey into limitless knowledge thus grilling complex concepts into you seamlessly. I am such an aspirant and would highly recommend CMA for their wide subject expertise and knowledge sharing techniques "
>
> *Shilpa Iyer*

> " CMA's 12 week Online CISSP Program was undoubtedly the best decision I made in the lead up to taking the CISSP Certification. Each of the CBK domains were broken down into step by step sections for easy learning. "
>
> *Lalit Singh Bhakuni, The Hague Area, Netherlands*
